Flexwork Bridge Plan

If you are enrolled in Flexwork Bridge Plan when your employment ends, you are eligible to continue this coverage through *The Consolidated Omnibus Budget Reconciliation Act* or COBRA. Under this law, you may purchase the same medical and prescription drug, dental, and/or vision coverage you were enrolled in during your employment, at an increased premium rate, for up to 18 months.

You will receive a packet of information from HealthEquity | WageWorks (our COBRA administrator) in the weeks following your separation date. The information will be sent to the home mailing address on record with Petco at the time of your separation. ***Please review the packet carefully as it contains specific deadlines required to be met in order to continue your health benefits under COBRA***. If you decide to elect COBRA – and make your first premium payment – the effective date will be retroactive to the date your coverage as an active employee ended, so you would not have a break in coverage. ***COBRA premiums are made payable to WageWorks and sent directly to them***.
